User guide (Android)

How to connect router's wifi

Connect router's Wi-Fi on Android

1.1 Select Settings

1.2 Select connections.

	2:18	Voi) 4G LTE2 + .11
_	Set	tings Q
		Connections Wi-Fi • Bluetooth • Airplane mode
		Sounds and vibration Sound mode · Ringtone
	0	Notifications Status bar • Do not disturb
	0	Display Brightness • Eye comfort shield • Navigation bar
		Wallpaper Home and lock screen wallpaper
	Ð	Themes Themes • Wallpapers • Icons
	0	Home screen Layout • App icon badges
	6	Lock screen Screen lock type
	0	Biometrics and security Face recognition • Fingerprints
		III O <

1.3 Select add network.

1.4 1. Network Name enter your SSID

you can find this SSID at the sticker on the router.

we recommend to use 5GHZ

2. Then select security

1.4 Security select WPA/WPA2 Personal only

1.5 In Password box enter your password, your password is in

your email from Accommodation Office

2. Then select save

** If connection in step 1 doesn't work.

Please proceed to the next step.

3. Touch on <u>View more</u> or <u>Advanced</u>
